

Science Websites

Check out the science websites below to determine which 2 sites you will choose to gather information for your digital poster assignment. Place a checkmark in the box next to the websites you have chosen for your research project.

- <http://yucky.discovery.com/noflash/body/pg000123.html>
- http://kidshealth.org/kid/htbw/htbw_main_page.html
- http://www.kidsbiology.com/human_biology/index.php
- <http://www.medtropolis.com/VBody.asp>
- <http://health.howstuffworks.com/body-systems-channel.htm>
- <http://science.nationalgeographic.com/science/health-and-human-body/human-body/>
- http://www.kidinfo.com/health/human_body.html

Print Resources

Your body systems assignment also requires you to use at least 1 print source. Here are a few suggestions to help you get started on locating sources.

- ✓ Look for Dewey Decimal number 610 in the Non-Fiction section of the library.
- ✓ Use the libraries OPAC system to search your assigned body system.
- ✓ Do not forget to check out the reference section for access to encyclopedias and other reference materials.

All of your selected sources will require a completed “Website Evaluation Checklist” and a “Print Non-Fiction Evaluation Form”.
